

Part No. ALL10770
ALL10772

"All-In-One" Heated Tire Groover

Self-contained groover has built-in temperature controls eliminating the additional cord and separate control box common with other groovers. Don't let the small package fool you; this groover has the ability to cut small intricate grooves yet still handle removing material up to a 1/2". Tapered, razor sharp blade grooves fast and easy. To operate, insert a single blade into groover, set blade height with a tire depth gauge and set the power level. Place the cutting edge against the tire surface and obtain instant heat by simply pulling back on the trigger. Groover features a Hi/Low toggle switch and a temperature control dial in the handle for setting desired heat level. "All-In-One" groover requires "All-In-One" blades; do not use standard groover blades with this groover.

Part No. Description

ALL10770 110V Groover
Includes 1 Each 4/32", 5/32", 6/32", 8/32" And 10/32"
Flat Blades.

ALL10772 220V Groover (**Intended For International Use**)
Power cord requires the attachment of a 220 volt, grounded,
