

Part No. ALL41013

## 90 Degree Hanging Brake Pedal Assembly

Universal pedal mount positions the booster and master cylinder under the dash 90 degrees to the firewall for a clean under hood appearance and is ideal for vehicles that simply do not have room in the engine compartment for a booster or master cylinder. Bracket has provisions to accept Allstar power brake boosters or to mount a master cylinder directly to the bracket for manual brake applications. Welding required to mount pedal tab to pedal.

Note: Shown With Allstar Power Brake Booster Installed (Not Included)

Welding required to mount pedal tab to pedal.
