

Part No. ALL64500-64502

Shock Bump Rubbers

Conical shaped bump rubbers fit on most shock shafts up to 16mm to limit shock travel. Bump rubbers are 2-3/8" tall and have a 2" O.D. base. A letter designation is molded in the bottom to identify compound.

Part No.	Description
ALL64500.....	Soft (40 grams)
ALL64501.....	Medium (50 grams)
ALL64502.....	Hard (55 grams)
