

Part No. ALL30001

Blower Fan Cool Box

Help cool down engine between practice sessions or races. Outside plenum works with Allstar's ALL30002 blower fan creating a forced air cooling system which is designed to fit the grill opening of most template body noses. Plenum suspends by straps that attach to the hood pins allowing the car to be raised for adjustments or maintenance. Assembly required and may need slight trimming due to blower fan variances.
