

Part No. ALL76186
ALL76188

30-Amp Relays

Relays are commonly used to control higher amperage components such as electric fuel pumps, cooling fans or water pumps rated up to 30 amps. Relays allow the use of a lower amp switch to turn on or control a component with a higher amp draw. A connector with a wiring harness and installation instructions are included.

| Part No. | Description |
|---------------|--------------------|
| ALL76186..... | Standard Relay |
| ALL76188..... | Weatherproof Relay |
