

Part No. ALL60100-ALL60107

## Weld-On Shock Brackets

Weld-on shock brackets mount standard and coil-over shocks with 1/2" I.D. inner bushing or 1/2" rod end to chassis as well as many other uses. 1/8" thick mild steel brackets include 1/2" bolt, spacer and locknut.

ALL60100  
Left Hand Notched

ALL60101  
Right Hand Notched

ALL60104  
Long Straight Notched

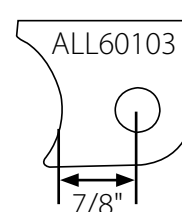

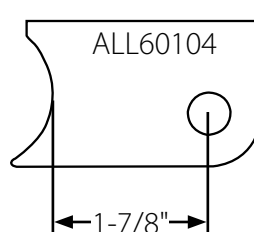

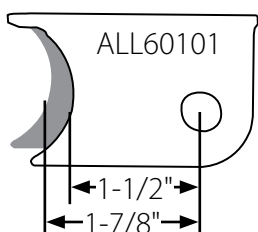

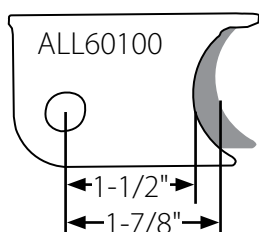

ALL60103  
Short Straight Notched

ALL60106  
Wide Flat Mount

ALL60107  
Narrow Radius Mount

### Related Components:

- ALL60108.....Steel quick pin, with shoulder
- ALL60109.....Steel quick pin, without shoulder
- ALL99100.....Replacement bolt, locknut, and bushing
- ALL99101.....Replacement bushing only

ALL60108 will work with Allstar coil-over brackets eliminating the need for a separate bushing.

ALL60109 is commonly used on non-bushing type brackets, but can be used with Allstar brackets with bushing.
