

Part No. ALL10118
ALL10119

Toe Plates

Aluminum plates simplify setting of toe-in and toe-out. Plates fit against the outside edges of tires and by using two tape measures (sold separately), measure the distance between plates front and rear, the difference between to two tape readings is the toe setting. Plates have radiused edges, slots for narrow and wide tape measures, are 23" wide x 9" tall and work well for vehicles with smaller wheels and wheel openings. Set of two plates.

ALL10119.....Toe Plates

ALL10118.....Toe Plates, Bolt-On for 5 on 4-1/2, 4-3/4" 5" Bolt Circles
