

Part No. ALL10241
ALL10242

Super Sockets With Extension

Pit sockets are available with 5" or 11" extensions and include our Super Socket for fast wheel changes without jamming lug nuts. Sockets are not the traditional hex shape, these feature a unique inner shape to contact the edges of a 1" lug nut and a 1/2" drive for use with impact guns.

| Part No. | Description |
|-----------------|--------------------|
| ALL10242..... | 5" Super Socket |
| ALL10241..... | 11" Super Socket |
