

Part No. **ALL10770**
ALL10772

"All-In-One" Heated Tire Groover

Self-contained groover has built-in temperature controls eliminating the additional cord and separate control box common with other groovers. Don't let the small package fool you; this groover has the ability to cut small intricate grooves yet still handle removing material up to a 1/2" wide. Trigger activated groover features a Hi/Low toggle switch and a temperature control dial in the handle for setting the desired heat level. "All-In-One" groover requires "All-In-One" blades (sold separately); do not use standard groover blades with this groover.

ALL10770

Part No.	Description
ALL10770.....	110V Groover
ALL10772.....	220V Groover (Intended For International Use)
