

Dirt Late Model Spoiler

ALL22999

Black powder coated aluminum spoiler consists of two unequal length laser cut sections, one 16" wide, and the other 56" wide. Unequal length design blades provide more down force on the right rear of the car and allow more spoiler area in case of right side damage. Assembled spoilers measure 72" wide x 8" tall with a 1" reinforcing lip. Three vertical supports have 2" of adjustment. Mounting hinges included.
