

Part No. ALL30044

Asphalt Late Model Radiator

Aluminum dual pass radiator measures 16" x 28" overall featuring two rows of 15/16" tubes, a core width of 2-1/4" and an overall tank width of 2-3/4". The outlet is designed for a standard 1-3/4" hose connection and welded 90 degrees to the tank not angled upward. The inlet is a universal design to accept fittings for 1-1/2" standard hose, 1-3/4" hose, -16 or -20an fittings (sold separately). Radiator is designed for use with a surge tank, so it does not have a filler neck. A 1/4" petcock located near the top on the driver's side to release possible trapped air in the system when filling.

Inlet Fittings:

ALL30038.....1-1/2" Standard Hose

ALL30041.....1-3/4" Hose*

ALL30039.....-16AN

ALL30040.....-20AN
