

Part No. ALL30180-30192

Fan Spacer Kits

Fan spacers position fan closer to radiator or fan shroud and away from pulleys. 1-1/2" and larger spacers are uniquely designed allowing spacer to remain bolted to water pump while changing fans. Aluminum spacers include 3/4" to 5/8" water pump shaft reducer bushing, four allen bolts to secure spacer to water pump, and four hex bolts with washers to secure fan to spacer. Spacers work with 1-3/4" bolt circle flanges only.

Part No.	Description
----------	-------------

ALL30180*	1/2" Spacer
-----------	-------------

ALL30182*	1" Spacer
-----------	-----------

ALL30184	1-1/2" Spacer
----------	---------------

ALL30186	2" Spacer
----------	-----------

ALL30188	2-1/2" Spacer
----------	---------------

ALL30190	3" Spacer
----------	-----------

ALL30192	3-1/2" Spacer
----------	---------------

*Includes one set of four bolts for fan and spacer installation.
