

Part No. ALL44164

Fast-Flow Brass Valve Stem

ALL44164

Brass bolt-in style valve stem has a removable upper body to deflate tires quicker than a standard valve stem. Two-piece design is perfect for big-tire cars that require tire deflation for removal. Valve stem measures 2" tall overall and fits in a 5/8"(.625") hole in wheels up to 5/8" thick.

Valve stem shown with upper body removed.

Replacement Components:
