

Part No. **ALL56074**

## Coil-Over Load Bolt Assembly

**ALL56074**

Threaded aluminum bolt is 6" long with 1-1/8"-12 fine threads and is commonly used on big bar soft spring cars. Load bolt offers the ability to easily change corner weights, change the center to center distance of the shock, adjust bump stop distances without adding shims and adjust ride height without running out of shock travel.

3/4" Hex Adjuster
