

Part No. ALL60220-60225

Clamp-On Shock Brackets

Clamp-on shock brackets mount standard and coil-over shocks with 1/2" I.D. inner bushings to round tubing without welding. Easily add additional mount or pivot mount when experimenting or trying different set-ups. Standard brackets position the shock approximately 1" below the chassis tubing. Drop mount bracket positions the shock approximately 2-1/2" below the chassis tubing. Brackets include mounting hardware with nyloc locking nuts.
