ALL81200

ALL81202

HEI Performance Distributor

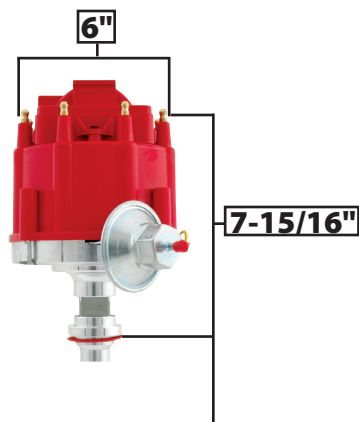

High Energy distributor features a high output coil and an adjustable vacuum advance, perfect for upgrading from stock point style or older HEI distributors. Distributor fits most small and big block Chevrolet engines (except 348 and 409) and feature a CNC-machined 6061-T6 aluminum housing with an upper support bearing, includes an O.E. style spark plug wire retainer and installation instructions.

Note: This distributor features a .491" diameter shaft and includes a melonized iron drive gear for use with flat tappet camshafts. Consult your engine builder or camshaft manufacturer for the correct drive gear for your application.
